**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm retired and on a fixed income. I was able to cut my bill for a landline and DSL internet in half when I switched from AT&T to an independent ISP. The internet was much faster with the independent ISP as well. AT&T and Comcast are all about cheap 3-way bundles that are only cheap for a year and only cheap if the internet is slow or limited. I'm not interested in watching television so bundles are a waste of money and slow internet is not acceptable in this day and age. Please continue to support competition by allowing independent ISP's to offer a wider variety of combinations of network elements than just the standard 3-way bundles traditionally offered by AT&T and Comcast.

Thank you!

Alice Cottrell
